# PERSONAL NAMES DATABASE

The PND was started in 1993 as a joint project with the Northamptonshire Record Office (NRO) as a service to readers trying to trace their ancestors. It is a 'finding aid' with over 1,104,500 names and is still growing. It does not link family members or parties to a marriage. You will need to refer back to the original documents at the NRO to get the full details.

Each entry comprises of:-

SURNAME, FORENAME, DATE, PLACE, & REFERENCE

It contains not only Baptisms, Marriages and Burials but Militia Lists, Poor Law Records, Taxes, Licences, Quarter Sessions, Hospital Records and more. The project is ongoing and therefore is not yet complete but does cover over 993,000 records as at January 2008. Following the societies participation in the Federation of Family History Societies 'Shroud' project to index burial records from 1813 to 1837 we have a significant number of these records in the database. It also contains an index to all names found in our Marriage Database Project 1754-1837 (with details from 201 parishes at present).

Searches may be limited to either a specific period, specific place or specific forename in addition to the surname but it is not possible to search for a combination of these at the same time.

Printouts are available at

£1 sterling to members per A4 sheet and

£2 sterling to non members per A4 sheet

and an SAE envelope (UK) or A5 envelope and 3 IRC (overseas)

(each sheet contains approximately 50 entries)

Cheques should be made payable to Northamptonshire Family History Society or stamps for small amounts only (UK only).

Due to the amount of information that may be available, we recommend that you send a limited cheque marked 'NOT TO EXCEED £x' (in sterling only), we can then fill in the exact amount when we send you a print out.

If you are in any doubt or you are not sure about what records are available, please contact us first for advice.
