Personal Names Database

April 2017

The PND was started in 1993 as a joint project with the Northamptonshire Record Office (NRO) as a service to readers trying to trace their ancestors. It is a 'finding aid' with over 1,350,000 names and is still growing. It does not link family members or parties to a marriage. You will need to refer back to the original documents at the NRO to get the full details.

Each entry comprises of:-

SURNAME, FORENAME, DATE, PLACE, & REFERENCE

It contains not only Baptisms, Marriages and Burials but Militia Lists, Poor Law Records, Taxes, Licences, Quarter Sessions, Hospital Records and more. The project is ongoing and therefore is not yet complete. Following the societies participation in the Federation of Family History Societies 'Shroud' project to index burial records from 1813 to 1837 we have a significant number of these records in the database. including complete coverage for the period 1813-37. It also contains an index to all names found in our Marriage Database Project 1754-1837 (with details from over 230 parishes at present).

Searches may be limited to either a specific period, specific place or specific forename in addition to the surname but it is not possible to search for a combination of these at the same time.

Printouts are available at

£1 sterling to members per A4 sheet and

£1.50 sterling to non members per A4 sheet

and an SAE envelope (UK) or A5 envelope and 3 IRC (overseas)

(each sheet contains approximately 50 entries)

Cheques should be made payable to Northamptonshire Family History Society or stamps for small amounts only (UK only).

Due to the amount of information that may be available, we recommend that you send a limited cheque marked 'NOT TO EXCEED £x' (in sterling only), we can then fill in the exact amount when we send you a print out.

If you are in any doubt or you are not sure about what records are available, please contact us first for a quote and advice.

Payment for searches can also be made online via Genfair – see our website for details and links.

Marriage Database

April 2017

In 2002 a project was started by the society to transcribe all the Marriage Registers covering the period from 1754 to 1837 deposited at the Northamptonshire County Record Office. The society would like to thank the Record Office for their assistance and all our volunteers for the work that they have undertaken. Whilst the project is not yet complete the total database presently contains approx 120,000 marriages from 250+ different parishes. A list of the records included in this update is contained in this leaflet. Details of how to obtain a search from this database can be found in 'Footprints'

Each entry contains where and when the marriage took place, details of both the Bride & Groom together with their condition, place of residence and occupation when given. Also stated is whether they were married by Licence or Banns, the names of the witnesses and other miscellaneous information when contained in the register.

We believe the database is best used to find individual marriages rather than to do blanket searches for a given name. Because an index of all the names contained in the marriage database is included in the society's Personal Names Database (PND) those wishing to do a blanket search would be best advised to search the PND first.

Whilst every effort has been made to transcribe the registers accurately no responsibility can be accepted for any errors or omissions contained in the transcripts. The researcher is always advised to check the original records to verify entries in the database. It must be remembered that some of the registers are in poor condition and many have entries that are difficult to read.

Searches can now be made from the database and printouts obtained. The cost for a search is £1.50 for members (£2.50 for non members) which includes the first page of any print out (i.e. up to 9 entries). Further entries are charged at £1 per page of up to 9 entries. A page will contain up to 9 entries. An A5 self addressed envelope should be included with each request which should be stamped (UK) or 3 International Reply Coupons enclosed (overseas).

Cheques should be made payable to Northamptonshire Family History Society or stamps for small amounts only (UK only).

Due to the amount of information that may be available, we recommend that you send a limited cheque marked 'NOT TO EXCEED £x' (in sterling only), we can then fill in the exact amount when we send you a print out.

If you are in any doubt or you are not sure about what records are available, please contact us first for a quote and advice.

Payment for searches can also be made online via Genfair – see our website for details and links.

BURIAL Database

April 2017

The Personal Names Database contains an index to these registers. This database contains the full entry and is complete for the Anglican church for the period 1813-1837 as well as containing much data from outside these dates. The data can also be searched online at www.findmypast.co.uk.

Searches can now be made from the database and printouts obtained. The cost for a search is £1.50 for members (£2.50 for non members) which includes the first page of any print out (i.e. up to 9 entries). Further entries are charged at £1 per page of up to 9 entries. A page will contain up to 9 entries. An A5 self addressed envelope should be included with each request which should be stamped (UK) or 3 International Reply Coupons enclosed (overseas).

Please apply to:-

Mrs Angela Scarsbrook
27 Coaching Walk, Westone
Northampton, NN3 3EU
Email: angela.scarsbrook@hotmail.com

Cheques should be made payable to Northamptonshire Family History Society or stamps for small amounts only (UK only).

Due to the amount of information that may be available, we recommend that you send a limited cheque marked 'NOT TO EXCEED £x' (in sterling only), we can then fill in the exact amount when we send you a print out.

If you are in any doubt or you are not sure about what records are available, please contact us first for a quote and advice.

Payment for searches can also be made online via Genfair – see our website for details and links.

BAPTISM Database

April 2017

Our volunteers have been transcribing baptism entries for some years and these are now being brought together under one database. Thus there is only a limited amount of data. The entries can also be searched online on FindmyPast.co.uk
